

Our Properties

Safe, Supported Housing Across the UK

At Life With Support Housing Association, we provide high-quality, furnished supported housing designed to help people stabilise, recover, and rebuild. Each of our properties is selected, maintained, and staffed with purpose - to offer more than just a roof over someone's head.

We currently operate homes across **Norfolk, Bristol, South Gloucestershire, and Greater Manchester**, with new properties being added every quarter.

Our Current Portfolio

♦ King's Lynn – Norfolk

15-room supported accommodation

A structured, recovery-focused environment in the heart of West Norfolk.

- Dedicated keyworker support
- Zero-alcohol, zero-drug policy (managed, not punitive)
- Shared kitchen, dining, laundry and communal areas
- Close working relationships with probation and housing teams

This location is ideal for those leaving custody, completing recovery programmes, or stepping down from hostels.

♦ Bristol & South Gloucestershire

5 properties – 3 & 4 bedroom houses

Small, community-based homes with a focus on peer support and reintegration.

- Each house has shared facilities and a small resident group

- Perfect for people seeking a quieter, more localised setting
- Integrated with local mentoring and faith-based recovery services

These homes are designed for men who are abstinent or stabilising, with light-touch daily support.

♦ **Accrington – Greater Manchester Area**

9 properties – all 4-bedroom houses

Our largest cluster of homes, operating as a wider supported living network.

- All homes are within walking distance of community recovery hubs
- Ideal for those in 12-step recovery or on probation
- Internal opportunities available (cleaning, maintenance roles)
- Close ties to Red Rose Recovery and local probation teams

Residents here benefit from strong peer networks and a wider community approach to change.

Growing Every Quarter

We're not standing still. Our property team is actively expanding the portfolio — with **new houses coming online every quarter** across the UK. If you're an organisation looking for housing in a specific area, get in touch. We may already be working on it — or we can source a bespoke solution with you.

All Our Properties Include:

- Fully furnished bedrooms
- Shared kitchen and bathrooms
- Fire safety compliance and ongoing maintenance
- Wi-Fi and utility bills covered

- Keyworker support and weekly check-ins
- Clear house rules and a culture of mutual respect
